This disparity is a challenge that must be addressed, as the more diverse the workforce, the more diverse the solutions that can be created. But how can you make a real impact? Diversity is a cornerstone of innovation, it helps companies to reach global scale,

and it enables and enhances client relationships. In fact, research shows that a company's customers respond positively to companies that use diversity in their workforce. A diverse workforce is also a key factor in creating an inclusive culture within companies, as a diverse and inclusive company increases the chances of employee retention. 1. Empowerment Without equal access to learning opportunities, people will remain stuck in their current skill level and companies miss out on untapped talent. Research shows that women and minorities are less likely to pursue a career in a particular field. Diversity in the workplace can provide these individuals with more learning opportunities, and we can all help to close this gap through our networks. 2.

Reaching the top In an industry with a lack of female executives, it is no surprise that women are 82157476af
